

monty® 1685: Robust Tire Changer for High-Volume Repair Shops

We are pleased to announce the EEWH792AUD monty® 1685 230V smartSpeed™, a professional tire changer designed for durability and long-term use in high-demand environments.

Engineered to accommodate a wide range of OEM tires for passenger cars and light trucks, the monty® 1685 is an excellent choice for high-volume tire shops, garages, and OEM dealers looking to enhance their operations.

Features and Benefits:

Swing Arm: Optimization of space is skillfully ensured with a mounting arm that pivots to the side, allowing the machine to be efficiently installed directly adjacent to a wall.

Wheel Diameter Scale: The turntable diameter scale markings allow operators to quickly and precisely position the jaws according to wheel size, speeding up the setup process and improving efficiency in high-volume environments.

smartSpeed™: The revolutionary, patent protected technology optimizes the applied torque on the wheel and automatically establishes the maximum rotational speed of the wheel.

Integrated Air Tank: A large column-integrated air tank conserves valuable floor space, increases air capacity to improve tire inflation, and enhances the machine's rigidity.

On-Floor Bead Breaker: Pneumatic-assist control handle prevents shovel bounce-back with this on-floor bead breaker; the fastest solution for standard, soft sidewall, and high-aspect tires.

EEWH792AUD

One Year Warranty on Labor / Parts

Machines might be equipped with optional extras, which are available at extra cost. Technical and visual modifications reserved.

Pneumatic Bead Pusher: Designed for ergonomic ease, this system features a light design, pivot point tower, industrial-grade valve, full-range bead pusher cylinder, and tire lifting tool to ensure operator comfort, reduced strain, and reliable operation.

Toolbox: Providing a secure storage space, the toolbox includes three convenient shelves for the organization of tools.

Accessories:

Included Accessories

- 1" Lube brush – 5-14126A
- Lube bottle & swab – EAA0247G05A
- Bead breaker blade protector – EAA0304G15A
- Plastic rim protectors – EAA0304G52A
- M/D Head plastic protector kit – EAA0350G07A
- Tire mounting lever tool – EAC0097G47A
- Plastic jaw protectors – EAC0113G47A (quantity of 4)
- Tire mounting lever plastic protector – EAC0115G06A
- Lube Bucket – 8-03229A

Suggested: Optional Accessories

- Wheel lift (Future Release - ETA July 2025)
- EAA0358G85A - Bead Clamp
- EAK0341G66A - Quick Exchange Device and Plastic Mount/Demount Head
- EAA0304G48A – Bead Pressing Roller
